

## Let me be

As long as you' re thinking I won't survive  
so long you' re hurting me deep inside.  
As long as you' re saying what I should do  
so long I am not able to be near you  
As long as you' re afraid I could do something wrong  
you don't let me live on my own.  
You don't want to realize, what you do to me  
but by singing I can beg you: „Let me be!“.

*There is nothing wrong with me!  
I am the woman I want to be.  
There is no one else like me,  
so please just let me be.  
I want to love you and me,  
oh please can't you see:  
I am the way I want to be!  
So please just let me be, set me free.*

Perhaps I' ll regret things I' ve said or done,  
but to live my life I am the only one.  
For sure I' m not perfect in the common sense  
but I can't live any more behind your safety fence.  
Perhaps I' ll hurt you or someone else,  
but believe me, I need to be myself.  
Perhaps I' ll make one step and realize, it was wrong,  
but I can see that on on my own.

*There is nothing wrong with me!  
I am the woman I want to be.  
There is no one else like me,  
so please just let me be.  
I want to love you and me,  
oh please can't you see:  
I am the way I want to be!  
So please just let me be, set me free.*

Don't tell me any longer how a woman should be,  
'cause you're a man and know nothing about me.  
I would need your belief in me to feel your love,  
but just your respect would already be enough.  
I would need your blessing to feel complete,  
but that's perhaps too big a feat.  
Perhaps you can accept that I'm not that sweet,  
nevertheless I'm here to succeed.

*There is nothing wrong with me!  
I am the woman I want to be.  
There is no one else like me,  
so please just let me be.  
I want to love you and me,  
oh please can't you see:  
I am the way I want to be!  
So please just let me be, set me free.*
